2talk

Pro M

2talk Pro M can be paired to a 2talk Pro

The 2talk Pro M is a Modular Class 1 Bluetooth handset that allows wireless hands-free, full-duplex communication between two handsets, up to 200 metres apart. The 2talk Pro M has a quick-disconnect connection that allows different styles of headsets or throat microphones to be attached to suit different types of workplace

environments and Personal Protective Equipment (PPE). The 2talk Pro M can also be paired to the 2talk Pro headsets. The modular design makes it ideal for a variety of industry sectors.

Powered by 2 x AA re-chargeable batteries with external charging. A rugged crocodile clip enables easy attachment to clothing.

Licence free, fully encrypted and very easy to operate, the 2talk Pro M will improve safety, increase productivity and reduce downtime making it the perfect solution for many workplace needs.

For general technical specification see 2talk Pro.
